

## **With Gratitude...**

Becky and I would like to thank the congregation of ECRC and our friends and family for the wonderful celebration events marking Rev's retirement. We were humbled by your kindnesses, the work that went into Tuesday evening's festivities, and the generous gifts we were given. Sunday morning's services were very moving and a wonderful reflection of God's love, grace and mercy that are communicated through his people. We are humbled by the sentiments people have expressed in word, via email, and the cards we have received.

As we turn the page to a new chapter in our lives we are confident that God will reveal to us how we are to use the gifts he has given us to increase his influence in the world. With the support and encouragement of so many people who have touched our lives over the years, we will never feel alone or lonely.

Thank you seems inadequate, but our thank you is soaked in God's love.

God bless,

Rev and Becky
