

Worship in the Old Testament

Sacred Space

February 26, 2017

Sermon/Message Questions:

- How would you define what “sacred space” is after hearing today’s message?
- What did you learn about the design/architecture of the Tabernacle or Temple in the Old Testament today? How is that design related to worship?
- Can you describe the connection between Sacred Space and Holiness?
- Where is God’s presence and power most fully seen and experienced?
- Is there a particular place or space that is thick with meaning for you because of your experiences with God?
- Can you imagine feeling that your body, or the church, is even more of a “Sacred Space” than your favorite church building?
